

Natural Beauty Goes to Paradise

Natural Beauty of Las Vegas' entire line of bath and body products is now offered in the Paradise Gift Shop at the Las Vegas Hilton.

Las Vegas, Nevada ([PRWeb](#)) October 2, 2007 -- Natural Beauty of Las Vegas' Luxurious Line of Natural Bath and Body Products is Now Available at the Paradise Gift Shop in the Legendary Las Vegas Hilton. Head retail buyer of the Las Vegas Hilton, Mardean Speck, and her assistant, Norit Dvir (formerly of Whole Foods) contacted Natural Beauty when they decided to create a vegan section in the Paradise Gift Shop which prompted them to call Natural Beauty, but when they saw the product line, they decided to display the entire line on a table of it's own. They both felt that Natural Beauty's appeal would not only satisfy their vegan travelers, but to their customers wanting to take home a true Las Vegas original. That's the beauty of Natural Beauty; it appeals to everyone!

The line offering at the Las Vegas Hilton includes Natural Beauty's Sugar and Salt Scrubs, Shea Butter and Olive Oil Soaps, Shea Butter Body Cream, Shea Face Cream, Milk Bath and Natural Beauty's most recent addition; Soothing Bath Salts (a fragrant combination of exquisite salts from around the world) The Las Vegas Hilton is the first hotel to carry the Natural Beauty line, and according to Mardean and Norit, "It is flying off of the shelves!"
